

XC4 / XC6 - Label printer

- Two print units arranged in series for two-colored printing according to GHS (Globally Harmonized System of Classification and Labeling of Chemicals)
- The first printer is additionally equipped with a Ribbon Saver
- Stand-Alone operation is possible, also with peripheral equipment, in network operation and/or with database access (also SAP)
- Closed management of storage media (several variants)
- Reduced handling work due to label rolls with a diameter up to 300 mm
- Simple, clearly structured and intuitively learnable operator guidance

This two-color printer is particularly suitable to fulfill the new classification and labeling of chemicals according to GHS. Currently there is no comparable desktop printer model available on the market.

To print constant data, a Windows printer driver is available that allows two-colored printing out of all Windows applications (e. g. LLS).

For variable data (e. g. with ODBC-connection), Codesoft and a particularly synchronized printer driver for Codesoft is available.

Model variant	XC4	XC6
Print resolution (dpi)	300	300
Print speed (mm/s)	30, 40 50, 75, 100, 125	30, 40 50, 75, 100, 125
Print width up to (mm)	105,6	162,6
Label width (mm)	20 - 116	50 - 176
Label liner width (mm)	25 -120	50 - 180
Label height (mm)	20 - 2000	20 - 1500
Label roll max. outside diameter (mm)	300	300
Ribbon width up to(mm)	25 - 114	55 - 165

Printer Memory 64 MB RAM, 8 MB IFFS Flash, upgrade possible by CF-memory cards

Interfaces (Standard): RS232, USB2.0 Slave (for PC-connection), 2 x USB Master (for USB-peripheral equipment), Ethernet, Applicator-I/O, CF-slot

Options:

- Interfaces (RS422, WLAN)
- Ribbon Saver (applicability/profitability should be checked in advance)
- External peripheral equipment is suitable for connection (keyboard, scanner, scales etc.)

Price: from 5.777,- EUR

Available from: 04 / 2011

Plus software (Codesoft): from 777,- EUR
